DEVELOPMENTAL TOUR

The YCJGA Developmental Tour is a summer golf camp that welcomes Junior golfers ages 8-13 who desire to develop the proper skills and character to walk and play at least nine holes of golf. Our goal is to teach the basic skills of the full golf swing, chipping, and putting while learning to apply these skills on the golf course in a friendly environment. Our hope is that all participants will gain the confidence and the ability to one day advance to the YCJGA 9 hole tournament division.
